# arteferro<sup>®</sup> QUICK

italian wrought iron

**Arteferro Quick** is the new catalogue dedicated to a special selection of Arteferro items, extracted from the well-known Compendium Ind.i.a.

We've called Arteferro "Quick" because its quick and easy to use, thanks to the improved organisation of products, which has been supplemented with a lot of useful technical information.

**Arteferro Quick** è il nuovo catalogo dedicato ad una speciale selezione di articoli Arteferro, estratta dal noto Compendium Ind.i.a.

L'abbiamo chiamato Arteferro "Quick" proprio perché è veloce e rapido da utilizzare, grazie alla migliorata organizzazione dei prodotti, arricchita con molte informazioni tecniche utili.

Not all of the Arteferro items are available in **Arteferro Quick**, just a special selection. Find out about the entire range in the catalogue.

In **Arteferro Quick** non sono presenti tutti gli articoli Arteferro, ma solo una speciale selezione. Scopri la gamma completa nel catalogo *Compendium*.

**Arteferro** is a division of Ind.i.a. Spa dedicated to the production of semi-finished elements in wrought iron, brass and bronze. The Arteferro product line includes over 32,000 semi-finished ornamental items made of wrought iron, brass, and bronze: pierced bars, forged pickets, pre-assembled panels, leaves, flowers, baskets, roses, scrolls, rings, and other decorative elements, as well as a rich variety of home furnishings. It is the task of blacksmiths to assemble them into finished objects such as railings, fences, or any other creation suggests his creativity. Arteferro also includes the **Gonzato Design** product line, which is characterized by an elegant and innovative style.

**Arteferro** è la divisione di **Ind.i.a. spa** dedicata alla produzione di elementi semilavorati in ferro battuto, ottone e bronzo. La gamma di prodotti Arteferro comprende oltre 32.000 elementi: barre forate, paletti forgiati, pannelli preassemblati, foglie, fiori, pigne, rosoni, ricci, cerchi ed altri componenti decorativi, oltre ad una ricca serie di complementi d'arredo. Sarà compito del fabbro assemblarli in oggetti finiti come parapetti, recinzioni o qualsiasi altra creazione gli suggerisca la sua creatività. Arteferro comprende anche la linea di prodotti **Gonzato Design**, caratterizzata da uno stile elegante ed innovativo.

## THE BEST IN WROUGHT IRON IL MEGLIO DEL FERRO BATTUTO

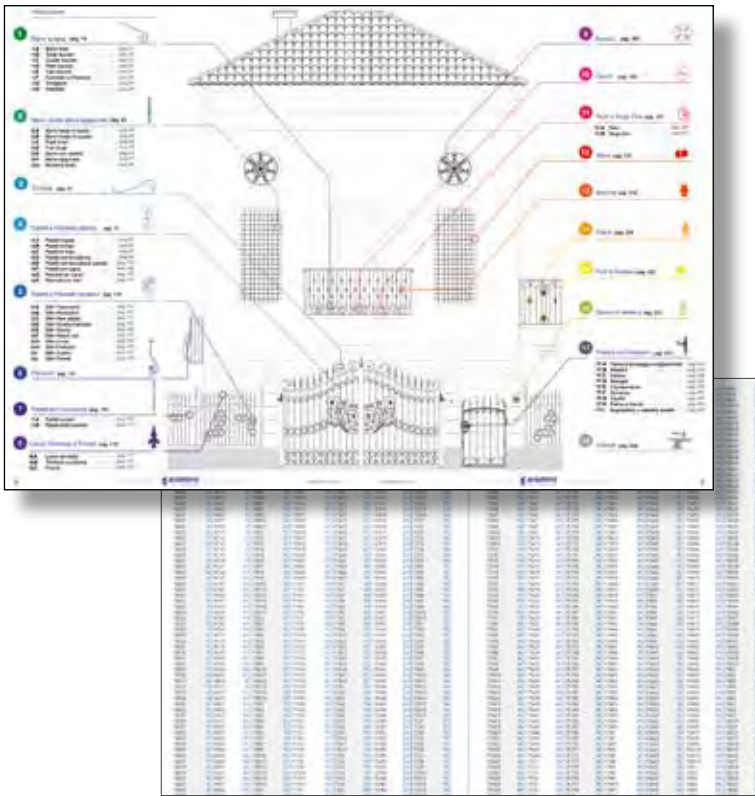

### A small, but massive revolution!

The **Arteferro Quick** catalogue has been specifically organised to facilitate the search for individual items. First of all, the **structural elements**, like long bars, pierced bars and overthrows, then **filling elements**, like pickets, panels and rosettes, and then passing onto **decorative elements** like scrolls, circles, spheres and many others. At the end, you'll find the **accessories** and **tools** for construction site activities.

### una piccola grande rivoluzione!

Il catalogo **Arteferro Quick** è stato organizzato appositamente per agevolare la ricerca di ogni elemento. Prima gli **elementi strutturali**, come le barre lunghe, le barre forate e le cimase, poi gli **elementi di tamponamento**, come i paletti, i pannelli, rosoni, per passare agli **elementi decorativi** come i ricci, i cerchi, le sfere e molti altri. Infine si troveranno gli **accessori** e gli **utensili** per l'attività di cantiere.

## Find what you're looking for straight away

In addition to an **index by product code**, which is easy for loyal customers who know well our elements, we have created a new index by type of product, which makes any search fast and intuitive. In fact, every product line has been organised into sections and, for the most complex ones, specific sub-sections have been created, based on the processing, cross-sections, styles and types of element. To improve the consultation process, some sections have been reorganized and, among these, the section dedicated to **posts** has been integrated into the one for pickets and panels.

## Trovi subito quello che cerchi

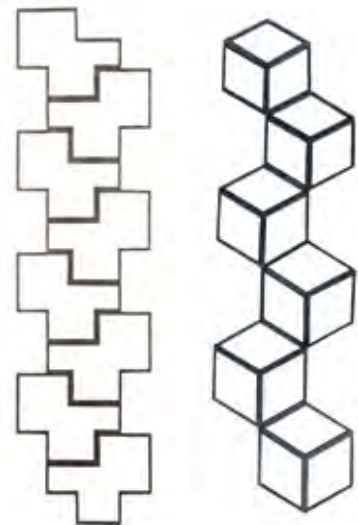

Oltre all'**indice per codice prodotto**, facile da consultare da tutti i nostri affezionati clienti che ben conoscono i nostri articoli, abbiamo ideato un nuovo **indice per tipologia di prodotto**, che rende ogni ricerca rapida ed intuitiva. Ogni linea di prodotto infatti è stata organizzata in capitoli e, per le più articolate, sono stati creati degli appositi sotto capitoli in base alla lavorazione, alla sezione, allo stile, alla tipologia degli elementi. Per una miglior consultazione sono stati riorganizzati alcuni capitoli e, tra questi, quello dedicato ai **capisaldi** è stato integrato in quello dei paletti e pannelli.

## New products

Our designers are always at work! In Arteferro Quick, you'll find many new articles highlighted with a specific seal. With a classic or modern design, they're always characterized by the unique and unmistakable Arteferro style.

## Nuovi prodotti

I nostri designer sono sempre all'opera! In Arteferro Quick troverai tanti nuovi articoli evidenziati dall'apposito bollino. Dal design classico o moderno sono comunque sempre caratterizzati dallo stile Arteferro, unico ed inconfondibile.

## Easy to flip through

At the beginning of each section, on the focused cover, a description helps understand its content. Thanks to the renewed graphics it will be very easy to find the item you are looking for. In the more complex sections easy instructions will help you to better understand how they are organised.

## Facile da sfogliare

All'inizio di ogni capitolo, sulla copertina dedicata, un testo descrittivo aiuta a capire cosa troverai all'interno. Grazie alla grafica rinnovata sarà un gioco da ragazzi individuare l'articolo che ti interessa. Nei capitoli più complessi abbiamo riportato delle facili istruzioni che ti aiuteranno nel comprendere la logica dell'organizzazione.

# Amongst the pages, a huge amount of useful information

Created afresh, based on over forty years of experience in the industry, **Arteferro Quick** wants to become a really easy to use and intuitive work tool for you to consult, by virtue of its new logical layout, which enables you to find the product of interest straight away, to pass quickly from one family of articles to another, and then to go into the details with sizes and finishes.

# Tra le pagine molte informazioni utili

Realizzato ex novo, sulla base di un'esperienza ultra quarantennale nel settore, **Arteferro Quick** vuole diventare un vero e proprio strumento di lavoro facile ed intuitivo da consultare, in virtù della nuova ragionata impaginazione che consente di trovare immediatamente il prodotto di interesse, passando celermente tra le famiglie di articoli, per poi entrare nel dettaglio con il dimensionamento e le finiture.

**4.** Classical pickets and Panels  
Paletti e Pannelli classici

A Forged pickets	Paletti forgiati	pag.72
B Hammered pickets	Paletti coniati	pag.80
C Tube pickets	Paletti in tubo	pag.82
D Pickets with twisting	Paletti con torciglione	pag.94
E Pickets with big twisting	Paletti con torciglione grande	pag.100
F Pickets with baskets	Paletti con pigna	pag.102
G "S" shaped panels	Pannelli ad "esse"	pag.105
H Panels with scrolls	Pannelli con ricci	pag.110

A lot of pickets and panels have been classified to make it easier for you to find what you want quickly and easily. Starting with the central motif, you can find your article by process as well as matching decorations.

Molti paletti e pannelli sono stati classificati per dare la possibilità di trovare in modo veloce e pratico l'articolo desiderato. Parti dal motivo centrale troverai il tuo articolo con la lavorazione e i decori abbinabili.

**Gonzato Design** è la linea di prodotti Arteferro caratterizzata da uno stile innovativo. I motivi classici del ferro battuto si fondono e dialogano con le geometrie moderne dando vita ad un insieme unico che parla di passato e futuro. Le linee in stile Classico di inizio '900 sono mediate con una sensibilità contemporanea che razionalizza lo spazio e lo rende elegante e preciso.

Tra gli articoli Gonzato Design anche i **pannelli pre-assemblati** che, pronti per l'installazione, sono pensati per facilitare il lavoro dell'artigiano: basta unirli tra loro o accoppiarli a dei semplici paletti di ferro liscio per realizzare la propria composizione. Una soluzione di design e pratica che consente un notevole risparmio di tempo e denaro. Come tutti i prodotti Arteferro anche i pannelli pre-assemblati possono esser prodotti anche **anche su misura**.

The **Gonzato Design** product line by Arteferro is set apart by its innovative style. The classical wrought iron motifs interact with modern geometry, creating a unique combination of past and future. The lines, inspired by the Classic style of the early 1900s, are mediated with a contemporary awareness, rationalising space and making it elegant and precise.

The Gonzato Design range also includes **preassembled panels**, ready for installation, designed to facilitate the work of the craftsman: just join them together or connect them to simple plain iron pickets to make your own arrangement. A practical design solution that allows for considerable savings in terms of both time and money. Like all Arteferro products, the pre-assembled panels can also be custom-made.

**GONZATO  
DESIGN**  
FINE WROUGHT  
IRON FORGINGS

The Gonzato Design product line by Arteferro has been expanded with many new items and combined together into families: Geometric, Revolution, New Waves and much more to be discovered!

La linea di prodotti Gonzato Design by Arteferro è stata ampliata con tanti nuovi articoli e raggruppata in famiglie: Geometric, Revolution, New Waves e tante altre tutte da scoprire!

## Why choose the Gonzato Design products? Perché scegliere i prodotti Gonzato Design?

Exclusive and patented design  
Design esclusivo e brevettato

Welding and production quality  
Saldature e lavorazioni di alta qualità

Easier and quicker installation than traditional pickets  
Installazione più facile e più veloce rispetto ai classici paletti

High value-added to your final product  
Alto valore aggiunto al tuo manufatto finale

Excellent value for money  
Eccellente rapporto qualità-prezzo

Ideal for installations in modern contexts  
Ideale per installazioni in contesti moderni

With 20 companies spread throughout the world, Gonzato Group is the leader in production of semi-finished products and modular systems in metal for construction and architecture. Its products, distributed in 136 countries, have been chosen to protect and adorn some of the most important buildings in the world, including: the palace of Justice and the Colosseum in Rome, the park Terenure in Dublin, Disneyland in Paris, and many other prestigious villas and residences in St.Petersburg, passing through London, Beijing, and Saint Tropez.

Con 20 società, sparse in tutto il mondo, Gonzato Group è leader nella produzione e distribuzione di semilavorati e sistemi modulari in metallo per l'edilizia e l'architettura. I suoi prodotti, distribuiti in 136 paesi, sono stati scelti per proteggere ed adornare alcuni dei più importanti edifici e complessi mondiali, tra i quali il palazzo di Giustizia ed il Colosseo di Roma, Il parco Terenure di Dublino, Disneyland a Parigi e molte altre prestigiose ville e residenze da Hollywood a San Pietroburgo, passando per Londra, Pechino e Saint Tropez.

## A company looking towards the future.

Since 1971, we are world leader in the production and sale of ornamental components for the building industry and architecture. All our products are the result of careful and passionate research by qualified experts that know the field better than anyone else. In fact, it is thanks to the Group's work in the production of metal elements for architecture and constructions has been able to grow in terms of technology and project management to become what it is now.

The experience acquired in over 40 years of work in the field of wrought iron allowed us to develop in the last 15 years the same deep knowledge in the field of stainless steel and of its fencing applications. As a matter of fact, our IAM Design line, while being more technical and stylized compared to the Arteferro components, meets the same needs of safety, support and decoration that we have always well known.

In the Group's catalogues you will find more than 30.000 fencing and furniture components always ready to use and ready to be dispatched. Thanks to our long experience, that involves all the production and supply chain from product design to manufacturing, to the installation support, we are the sole company in the world who is able to realize and install anywhere big fencing structures, relying upon our know how and the practical sense of our designers and members of our team.

## Un'azienda rivolta al futuro.

Dal 1971 siamo leader mondiali nella produzione e commercializzazione di semilavorati ornamentali per l'architettura. Tutti i prodotti sono frutto di studi attenti ed appassionati da parte di professionisti specializzati che conoscono il settore meglio di chiunque altro. Infatti è grazie alla attività del Gruppo che la produzione nel settore ha potuto svilupparsi tecnologicamente e progettualemente fino a diventare quel che è oggi.

L'esperienza maturata in oltre 40 anni di ferro battuto, ha consentito di sviluppare un altrettanto approfondita conoscenza dell'acciaio inox e dei suoi utilizzi nella recinzione. IAM Design, propone soluzioni più tecniche e stilizzate, mentre i manufatti in ferro battuto di Arteferro hanno caratteristiche di maggiore varietà ornamentale ma entrambe le linee di prodotti assolvono sempre a quelle stesse esigenze di protezione, sostegno e decorazione che ben conosciamo da sempre.

Nei cataloghi del Gruppo sono presenti oltre 32.000 manufatti per recinzioni ed arredamento, sempre pronti all'uso ed alla consegna. Grazie a questa esperienza pluridecennale che coinvolge tutta la filiera dalla produzione siderurgica, al design dei prodotti, alla loro realizzazione, all'installazione, siamo anche gli unici al mondo capaci di ideare con architetti e sviluppatori oltre che di realizzare ovunque grandi opere, forti del know how e della praticità dei nostri progettisti e operatori.

World market leader

- a 5 continents' leadership
- exports to 136 countries
- a product range of over 32,000 items

Certifications

- ISO 9001 - Quality Management

## Our brands I nostri marchi

Gonzato Group manufactures and distributes exclusively the products of its brands

Gonzato Group produce e distribuisce in esclusiva le realizzazioni dei suoi marchi

The Arteferro product line includes over 32,000 semi-finished ornamental items made of wrought iron, brass, and bronze: pierced bars, forged pickets, pre-assembled panels, leaves, flowers, baskets, roses, scrolls, rings, and other decorative elements, as well as a rich variety of home furnishings. It is the task of blacksmiths to assemble them into finished objects such as railings, fences, or any other creation suggests his creativity.

La gamma di prodotti Arteferro comprende oltre 32.000 elementi semilavorati ornamentali in ferro battuto, ottone e bronzo: barre forate, paletti forgiati, pannelli preassemblati, foglie, fiori, pigne, rosoni, ricci, cerchi ed altri elementi decorativi, oltre ad una ricca serie di complementi d'arredo. Sarà compito del fabbro assemblarli in oggetti finiti come parapetti, recinzioni o qualsiasi altra creazione gli suggerisca la sua creatività.

The IAM Design product line includes more than 2,500 modular stainless steel elements to achieve railings, fences, canopies, staircases, and other structural elements, both for interior and external spaces. The modern and linear design of the various elements allows a quick and easy installation, and meets the needs of architects, designers and professionals, adapting perfectly to any type of environment.

La gamma di prodotti IAM Design comprende oltre 2.500 elementi componibili e modulari in acciaio inox per realizzare parapetti, recinzioni, pensiline, scale ed altri elementi strutturali, per interni ed esterni. Il design moderno e lineare dei vari elementi consente una facile e veloce installazione e soddisfa le esigenze di architetti, progettisti e professionisti adattandosi perfettamente ad ogni tipo di ambiente.

CO.GE.ME.Steel was founded in 1970 with a mission: to enter in quality steel manufacturing as main players, producing steel that craftsmen and industries could find perfect for their production needs.

CO.GE.ME. Steel srl nasce nel 1970 con una missione: entrare nella siderurgia di qualità da protagonisti, producendo acciaio che artigiani e industriali trovassero perfetto per le proprie esigenze produttive.

## Our turnkey services I nostri servizi "chiavi in mano"

Gonzato Contract is the division of Ind.i.a. that works with special supplies, in wrought iron, stainless steel, or any other metal; for prestigious private homes, public buildings, community spaces and for each kind of commission that requires a custom-made approach all, from the planning to installation. Assisting the customer during all the process, from the first steps to the finished work, Gonzato Contract is the ideal partner for any project, placing itself towards the client like the sole responsible of the quality of its product and its service.

Gonzato Contract è la divisione di Ind.i.a. che si occupa di forniture speciali, in ferro battuto, in acciaio inox o in qualsiasi altro metallo, per prestigiose proprietà private, edifici pubblici, alberghi, spazi comunitari e per ogni tipo di commissione che richieda un approccio custom made, dalla progettazione all'installazione. Affiancando il committente durante tutto il percorso, dai primi passi fino al lavoro finito, Gonzato Contract è partner ideale per ogni progetto e si pone nei confronti del cliente come unica responsabile della qualità del proprio prodotto e del servizio offerto.

## Production

From idea to installation, we take care of every aspect of the product.

Our items, compared to most of the products that are on the market, are manufactured in our production sites in Italy and Europe and are subject to quality tests that allow us to know the life of each piece, from its birth to its delivery.

In addition, we are the only company in the industry that can boast a production capacity can meet any special request within tight production times.

## Produzione

Dall'ideazione all'installazione, ci occupiamo di ogni aspetto del prodotto.

I nostri articoli, rispetto alla gran parte dei prodotti che si trovano sul mercato, sono realizzati nei nostri centri produttivi in Italia ed Europa, sottostando a test qualitativi che ci consentono di conoscere la vita di ogni pezzo, dalla sua nascita alla sua consegna.

Inoltre, siamo l'unica azienda del settore che può vantare una capacità produttiva in grado di soddisfare ogni richiesta speciale entro tempi di stretta produzione.

## Ordered, delivered!

With our branches, spread across all continents, we have the largest stock of articles in the sector in the world and, thanks to our agreements with major global couriers, we guarantee fast deliveries to any country. Furthermore, thanks to our portal Ind.i.a. Web, customers can stay up to date on the stock and on the details of their orders.

## Ordinato, consegnato!

Con le nostre filiali sparse in tutti i continenti, disponiamo del più grande stock mondiale di articoli del settore e, grazie ai nostri accordi con i più importanti spedizionieri, possiamo garantire consegne celeri in qualsiasi paese. Inoltre, grazie al nostro portale Ind.i.a. web, i clienti possono rimanere aggiornati sulle scorte di magazzino e sui dettagli dei propri ordini.

## Best price

The large quantities we treat, allow us scale economies on the raw material. In addition, the price of our pricelists is the price of manufacturer, not subject to recharges due to the presence of intermediaries. It is a factory price!

## Miglior prezzo

Le grosse quantità che trattiamo ci consentono economie di scala sulla materia prima. Inoltre, il prezzo dei nostri listini, è il prezzo del produttore, non soggetto a ricariche dovute alla presenza di intermediari. È un prezzo di fabbrica!

## Custom design

Our technicians are available for specialized advice and are able to develop customized projects. With our division Gonzato Contract we can also provide turnkey solutions, from design to installation.

## Progettazione su misura

I nostri tecnici sono a disposizione per consulenze specializzate e sono in grado di sviluppare progetti su misura. Con la nostra divisione Gonzato Contract possiamo fornire anche soluzioni chiavi in mano, dalla progettazione all'installazione.

## Products for installation, finishing and maintenance

In addition to our products, we also provide products and tools for their installation, finishing and maintenance: tools for assembly and treatment, paints and coatings to finish and embellish, cleaning products to maintain the beauty of the installation unchanged in time.

## Prodotti per l'installazione, finitura e manutenzione

Oltre ai nostri articoli, forniamo anche i prodotti e gli strumenti per la loro installazione, finitura e manutenzione: attrezzi per il montaggio e il trattamento, vernici e patine per rifinire ed impreziosire, prodotti per la pulizia per mantenere la bellezza dell'installazione invariata nel tempo.

## Innovation

The customer and his needs are the focus of our attention. For this reason, a team of designers and engineers works daily to conceive new products that meet the growing need for beauty in harmony with the technical requirements existing at present.

We are constantly looking at different materials to be combine to our lines to enhance the structural and aesthetic (wood, glass and many others).

We study the design of our products so that they can be ahead of the times. We believe that products should be easy to assemble and integrate with other architectural elements in order to adapt to the environment in which they are installed with maximum flexibility.

## Innovazione

Il cliente e le sue esigenze sono il fulcro della nostra attenzione. Per questo motivo un team di designers ed ingegneri lavora quotidianamente all'ideazione di nuovi prodotti che soddisfino sempre più la necessità di bellezza in armonia con le esigenze tecniche oggi esistenti.

Siamo costantemente alla ricerca di materiali diversi da accompagnare alle nostre linee per esaltarne le caratteristiche strutturali ed estetiche (legno, vetro e molti altri ancora).

Studiamo il design dei nostri prodotti in modo che possano essere al passo con i tempi. Crediamo che i prodotti debbano essere semplici da assemblare e da integrare con gli altri elementi architettonici in modo da potersi adattare all'ambiente in cui vengono installati con la massima flessibilità.

More value  
to your purchase  
Maggior valore  
al tuo acquisto

**Guaranteed, certified and patented quality**

Our articles are produced in our production centers in Italy and in Europe. We can manage the entire production chain ensuring the best final quality. This quality has long been recognized by the certifications obtained ISO 9001 and ISO 14011. A further added value, always as guarantee of originality and quality, it is represented by the patents obtained for many of our items, with the aim to protect both the inventiveness of our designer and the trust of our customers.

**Qualità garantita, certificata e brevettata**

I nostri articoli vengono realizzati nei nostri centri produttivi in Italia e in Europa. Possiamo quindi gestire tutta la catena di produzione garantendo così la migliore qualità finale. Tale qualità è da anni riconosciuta anche dalle certificazioni ottenute ISO 9001 e ISO 14011. Un ulteriore valore aggiunto, sempre a garanzia di originalità e qualità, è rappresentato dai brevetti registrati per molti dei nostri articoli, con lo scopo di tutelare sia l'ingegno dei nostri designer sia la fiducia dei nostri clienti.

**An excellence customer service**

Our back-office staff is fluent in five languages and is on hand to give you all the information and support you need.

**Un servizio clienti d'eccellenza**

Il nostro staff di back office parla fluentemente cinque lingue diverse ed è a vostra disposizione per darvi tutte le informazioni ed il supporto che vi servono.

**A marketing department at your disposal**

Our marketing department is on hand to organize activities and to develop promotional materials personalized with the customer's logo. For years now we make flyers and catalogs tailored to our loyal customers.

**Un ufficio marketing a tua disposizione**

Il nostro ufficio marketing è a disposizione per organizzare attività ed elaborare materiale promozionale personalizzato con il logo del cliente. Da anni ormai realizziamo volantini e cataloghi ad hoc per i nostri clienti più affezionati.

**Educational**

With our specialized staff, we organize meetings of technical training: all you need to know to design and install parapets, railings, stairs and other structural elements in accordance with law.

**Formazione**

Con il nostro personale specializzato, organizziamo incontri di formazione tecnica: tutto ciò che bisogna sapere per progettare ed installare parapetti, cancellate, scale ed altri elementi strutturali a norma di legge.

LONG BARS

BARRE LUNGHE

Arteferro long bars are variously shaped metal bars, used for a multitude of applications: along a staircase or wall where a support is needed, or as a structural part of a gate or fence. Using both hot and cold processes, they are available in lengths of 3 and 6 metres, with square, rectangular or round sections. To complete the section, there's a wide range of fittings, joints and clamps for tightening of decorative elements.

Le barre lunghe Arteferro sono barre di metallo variamente sagomate, si usano in una moltitudine di applicazioni: lungo una scala od una parete in cui sia necessario un appoggio, come parte strutturale di un cancello o di una recinzione. Con lavorazioni sia a caldo che a freddo sono disponibili nelle lunghezze da 3 e 6 metri, con sezioni quadre, rettangolari o tonde. A completare il capitolo, la vasta gamma di partenze, giunzioni e fascette per il serraggio di elementi decorativi.

Items  
GD124/33, 34  
and 35 were used  
to create  
the new features  
of the Colosseum in Rome.

Gli articoli GD124/33, 34  
e 35 sono stati utilizzati  
per la realizzazione  
delle nuove cancellate  
del Colosseo a Roma.

Arteferro  
products  
can be manufactured  
as well as customised.

I prodotti Arteferro  
sono realizzabili  
anche su misura.

The end piece of a handrail is a highly characterising element. Don't allow the processing and beauty of your handrail get spoiled by an unsightly welding between the end and the long bar. The extendable ends resolve this problem: starting with 3 meters rails, we can create the end you need.

La partenza di un corrimano è un elemento altamente caratterizzante. Non lasciare che la lavorazione e la bellezza del tuo corrimano venga interrotta da una antiestetica saldatura tra la partenza e la barra lunga. Le partenze allungate risolvono questo problema: partendo da una barra di 3 metri realizzeremo la partenza che ti serve.

Variable length depending on which end you select  
Lunghezza variabile in base alla partenza scelta

Add "/XL" at the end of the code for your end piece to order extra-long. You'll achieve an excellent result, without any visible welds.

Aggiungi "/XL" alla fine del codice della tua partenza per ordinare la versione extra lunga. Otterrai un risultato eccellente, senza saldature.

**Example - Esempio**

**1817/9/XL** = Extended version  
= Versione allungata

Pag. 247

You can find our supports and accessories in section 17  
Nel capitolo 17 troverai reggicorrimani e accessori

**ENDS FOR COLD LAMINATED HANDRAILS**  
**PARTENZE PER CORRIMANI LAMINATI A FREDDO**

Hot hammered - Coniato a caldo

Variable length depending on which end you select  
 Lunghezza variabile in base alla partenza scala

Add "/XL" at the end of the code for your end piece to order extra-long. You'll achieve an excellent result, without any visible welds.

Aggiungi "/XL" alla fine del codice della tua partenza per ordinare la versione extra lunga. Otterrai un risultato eccellente, senza saldature.

**Example - Esempio**

**116/10/XL** = Extended version  
 = Versione allungata

Arteferro pierced and shaped bars are items with of a wrought iron symbol. Beyond a protective function, they confer a touch of elegance that embellishes the buildings into which they are installed. Arteferro pierced bars are available in lengths up to 3 metres, with diverse machining and drilling. The opening can have either a circular, oval, square or rectangular section which can be made on the side or on the corner, in order to satisfy any aesthetic requirement.

Le barre forate e barre sagomate Arteferro sono degli elementi simbolo del ferro battuto. Al di là della funzione protettiva, conferiscono un tocco di eleganza che impreziosisce l'edificio in cui sono installate. Le barre forate Arteferro sono disponibili con lunghezze fino a 3 metri, con diverse lavorazioni e forature. L'apertura può avere sezione circolare, ovale, quadrata o rettangolare e può essere effettuata sia sul lato sia sullo spigolo, in modo da soddisfare ogni esigenza estetica.

# BARRE FORATE - BARRE SAGOMATE PIERCES BARS - SHAPED BARS

2. Pierced bars Shaped bars - Barre forate Barre sagomate

- A Round pierced bars Barre forate in tondo ..... pag.44
- B Square pierced bars Barre forate in quadro ..... pag.45
- C Flat punched bars Piatti forati ..... pag.48
- D Pierced tubes Tubi forati ..... pag.53
- E Pierced posts Montanti forati ..... pag.54
- F Bars with stamped rivets Barre con ribattini stampati ..... pag.56
- G Shaped bars Barre sagomate ..... pag.59

Select the section first, then the type of hole and technical details (section, hole size, pitch, distance, no. of holes) At this point, identifying the finish will be easy.

Scegli prima la sezione e poi il tipo di foro e i dettagli tecnici (sezione, dimensione foro, interasse, luce, n. fori) A questo punto, individuare la finitura sarà un gioco da ragazzi.

Choose the pierced bar, add "/ SAB" at the end of the code to order the sandblasted version or add "/ Z" to order the galvanized version

Scegli la barra forata, aggiungi "/ SAB" alla fine del codice per ordinare la versione sabbiata o aggiungi "/ Z" per ordinare la versione zincata a freddo

Example - Esempio

**1360/6/SAB** = sandblasted version = versione sabbiata

**1360/6/Z** = galvanized version = versione zincata a freddo

Arteferro overthrow are decorative elements that can be used as the crowning points of a fence, a gate, a door or a window. From the simplest to the most elaborate, every Arteferro overthrow is ready for installation and is an ideal solution for combining fast installation and aesthetic results.

Le cimase Arteferro sono elementi decorativi che possono fare da coronamento per una recinzione, un cancello, un portone o una finestra. Dalla più semplice alla più elaborata, ogni cimasa Arteferro è pronta per l'installazione e rappresenta la soluzione ideale per combinare rapidità di posa e risultato estetico.

Arteferro pickets and panels are amongst the most important items in the composition of an infill of a balustrade or fence. The classic design means you can create structures with a refined taste and an unmistakable and timeless style, typical of traditional wrought iron items.

I paletti e pannelli Arteferro sono tra gli elementi più importanti nella composizione del tamponamento di un parapetto o di una recinzione. Il design classico consente di realizzare strutture dal gusto ricercato e dallo stile inconfondibile ed intramontabile, tipico dei manufatti in ferro battuto tradizionali.

# PALETTI E PANNELLI CLASSICI CLASSICAL PICKETS AND PANELS

4.

Classical Pickets and Panels  
Paletti e Pannelli classici

A Forged pickets	Paletti forgiati	..... pag.72
B Stamped pickets	Paletti conati	..... pag.80

Arteferro pickets and panels are amongst the most important items in the composition of an infill of a balustrade or fence. The modern design of these new lines of items reinterprets in a contemporary way, the elegance and refinement of traditional materials like wrought iron.

I paletti e pannelli Arteferro sono tra gli elementi più importanti nella composizione del tamponamento di un parapetto o di una recinzione. Il design moderno di queste nuove linee di elementi reinterpreta in chiave contemporanea l'eleganza e la raffinatezza di un materiale tradizionale come il ferro battuto.

Arteferro bowed pickets are elegant elements that allow you to create railings, fences or curved balustraded. Also made with patterns that reflect those of the pickets and panels, they can therefore be combined with each other to create compositions of refined elegance.

I pancioni Arteferro sono degli eleganti elementi che consentono di creare inferriate, recinzioni o parapetti bombati. Realizzati anche con motivi che riprendono quelli dei paletti e dei pannelli, possono quindi essere abbinati tra loro per realizzare composizioni dalla ricercata eleganza.

Arteferro pickets are a convenient solution for building a fence. Made with different sections, round or square, they are available in an infinite number of processes and finishes, and can be embellished with other items, like baskets, studs, scrolls, leaves or knots. Just block them with horizontal supporting elements and you're done.

I paletti per recinzione Arteferro rappresentano una comoda soluzione per la composizione di una recinzione. Realizzati con diverse sezioni, tonde o quadrate, sono disponibili in un'infinità di lavorazioni e finiture e possono essere abbelliti con altri elementi quali pigne, borchie, ricci, foglie o nodi. Basterà bloccarli con degli elementi orizzontali a sostegno ed il gioco è fatto.

Spear point  
Lancia  
Art. 126/A/2

Spear points are electrowelded to the picket: electrical energy is used to obtain the union between metal parts, the junction between the components is precise and clean.

Le lance sono elettrosaldate ai paletti: sfruttando l'energia elettrica, per ottenere l'unione tra parti metalliche, la giunzione tra i componenti risulta precisa e pulita.

Arteferro spear points and tops reveal the nature of the buildings they protect. A historic symbol of protection for the most prestigious dwellings, you can embellish the pickets, posts and the columns of your fence. Designed to be positioned at the ends of the iron columns, these items reinforce and strengthen any wrought iron artefact.

Le lance ed i pomoli Arteferro rivelano la natura dell'edificio che proteggono. Simbolo storico di protezione delle dimore più prestigiose abbelliscono i paletti, i caposaldi e le colonne della tua recinzione. Ideati per essere posti alle estremità delle colonne in ferro, questi elementi conferiscono slancio e vigore ad ogni manufatto in ferro battuto.

# GONZATO

C O N T R A C T

## We forge your dreams

Gonzato Contract is a division of Ind.i.a. that deals with special supplies in wrought iron, stainless steel or any other metal, for prestigious private homes, public buildings, hotels, community centres and for all types of commissions that demand a custom made approach, from design to installation.

Mission: to meet the needs of designers, contractors and private individuals who are looking for a single supplier who can provide them with high quality metal products and a high level of service.

Gonzato Contract si occupa di forniture speciali, in ferro battuto, in acciaio inox o in qualsiasi altro metallo, per prestigiose proprietà private, edifici pubblici, alberghi, spazi comunitari e per ogni tipo di commissione che richieda un approccio custom made, dalla progettazione all'installazione.

Mission: rispondere alle esigenze di progettisti, contractors e privati alla ricerca di un unico interlocutore che fornisca loro prodotti in metallo di elevata qualità e un servizio di alto livello.

 **ind.i.a.**

Arteferro rosaces are particularly elaborate decorative elements that can be used to embellish external and internal environments like gates and grilles, balustrades, stairs, walls and skylights too.

I rosoni Arteferro sono elementi decorativi particolarmente elaborati che possono essere impiegato per abbellire ambienti esterni ed interni come cancelli ed inferriate ma anche parapetti, scale, pareti e lucernari.

ROSACES

ROSONI

The rosaces have been listed by diameter: after identifying this dimension, it is enough to choose the section and then the art type

I rosioni sono stati catalogati per diametro: identificata tale dimensione, basterà scegliere la sezione e quindi la tipologia artistica.

RINGS

Arteferro circles, with their simple, discreet shape, are items that can complete any wrought iron composition. Since they can be used as decorations and joints, they even help to support items of great structural complexity. They are available with various types of section: rounded, half rounded, square with hot pressed ends and various types of finishes.

I cerchi Arteferro, con la loro forma semplice e discreta, sono elementi in grado di completare qualsiasi composizione in ferro battuto. Utilizzabili come decoro e congiunzione, aiutano a sostenere i manufatti anche di grande complessità strutturale. Sono disponibili in varie sezioni: tondo, mezzo tondo, quadre con estremità stampate a caldo e lavorazioni di vario tipo.

CERCHI

Arteferro products  
can be manufactured  
as well as customised.

I prodotti Arteferro  
sono realizzabili  
anche su misura.

Arteferro scrolls and snap-ons have been designed to embellish even the simplest wrought iron composition. Like the other Arteferro decorative elements, they can be used in many different projects, from gates to the railings, as well as on stairways and balconies. Even a fence or a balustrade with vertical posts made of plain iron can be embellished at a later time by these useful decorative items.

I ricci e gli snap-ons Arteferro sono stati ideati per impreziosire anche la più semplice composizione in ferro battuto. Come gli altri elementi decorativi Arteferro, trovano applicazione in molteplici realizzazioni, dalla cancellate alle inferriate, così come nelle scale e nelle balconate. Anche una recinzione o un parapetto in paletti verticali di ferro liscio può essere arricchita in un secondo momento con l'utilizzo di questi utili elementi decorativi.

This section will give you an overview of Arteferro scrolls. The main characteristic element of a scroll is the end. We have organised the items upon this, in accordance with their style or the manufacturing used. Once you've chosen the end, you can find your scroll.

Questo capitolo vi darà una panoramica dei ricci Arteferro. Principale elemento caratterizzante di un riccio è il terminale. Su questo abbiamo organizzato gli articoli, in base allo stile o alla lavorazione. Scelto il terminale, trovi il tuo riccio.

# VERTICAL METALS

Si chiama Vertical Metals ed è la nuova linea di sistemi per facciate ornamentali marchiate Arteferro. Design brevettato, materiale green, può essere un rivestimento ma anche una struttura a sé stante, a copertura parziale o totale. Dalle epoche del Romanticismo e dell'Art Nouveau è la prima rielaborazione concettuale dell'utilizzo di un materiale classico come il ferro battuto che, pur mantenendo la tipica finitura artigianale, assume un design completamente nuovo dalle insolite tridimensionalità.

[arteferro.com/vertical\\_metals](http://arteferro.com/vertical_metals)

It's called Vertical Metals and is the new line for ornamental façades systems branded Arteferro. Patented design, green material, it can be a siding but also a stand-alone structure or a partial/total coverage. From the eras of Romanticism and Art Nouveau this is the first conceptual reworking of a classic material like wrought iron that, also maintaining the typical craftmade finishing, takes on a completely new design characterized by unusual tridimensionality.

GONZATO GROUP

 **ind.i.a.**

Arteferro produces spheres with different finishes: plain, faceted, forged and hollow. The spheres are often combined with other wrought iron items, making it possible to create high quality decorative articles: they can be used as terminals for pickets or posts, as spacers, or as compositional elements for creating different organic shapes, like bunches of grapes.

Arteferro produce sfere con diverse finiture: lisce, diamantate, spicchiate e vuote. Le sfere vengono spesso abbinare ad altri elementi in ferro battuto, permettendo di realizzare manufatti decorativi di elevato pregio: possono essere utilizzate come terminali per paletti o caposaldi, come distanziali o come elementi compositivi per la realizzazione di diverse forme organiche come i grappoli d'uva.

**BUSHES**

Arteferro bushes are compositional elements that are often used for the construction of wrought iron fences, railings, gates and balconies. Available in a range of versions, stamped, lathed, forged or tubular; with or without through holes, they can be fitted to pickets or posts and serve as a decorative element.

Le borchie Arteferro sono elementi compositivi spesso utilizzati per la realizzazione di recinzioni, inferriate, cancelli e balconate in ferro battuto. Disponibili in varie versioni, stampate, tornite, forgiate o in tubolare; con o senza foro passante, possono essere assemblate ai paletti o ai piantoni e fungono da elemento decorativo.

Arteferro baskets are central decorations, and are installed by welding the ends to the pickets they are inserted into. Their ornamental function confers an artistic dynamism to any structural element they are applied to, creating an elegant and sinuous wrought iron artefact.

Le pigne Arteferro sono decori centrali e vengono installate saldandone le estremità al paletto nel quale vengono inserite. La loro funzione ornamentale conferisce dinamicità artistica all'elemento strutturale al quale vien applicata, creando un manufatto in ferro battuto elegante e sinuoso.

The flowers and ornaments made by Arteferro are mainly characterised by floral motifs, threadlike ribs and metallic decorations inspired by nature. They find an application in various contexts and can embellish and enhance the structure they seem to be growing from.

I fiori e gli ornamenti realizzati da Arteferro sono principalmente caratterizzati da motivi floreali, nervature filiformi e decorazioni metalliche si ispirano alla natura. Trovano applicazione in diversi contesti e sono in grado di arricchire e valorizzare il manufatto dal quale sembreranno sbocciare.

Arteferro plates are decorative elements that can either be positioned at the base or alongside posts, and can be manufactured with a rounded or square shape, depending on the client's aesthetic requirements. Arteferro accessories are mainly complementary elements and have no structural function, such as: handles, knobs, hinges and locks.

Le piastre Arteferro sono elementi decorativi poste o alla base o a lato dei montanti e possono essere realizzate di forma tonda o quadrata a seconda delle esigenze estetiche della committenza. Gli accessori Arteferro invece sono principalmente elementi di complemento e non hanno funzione strutturale, quali: maniglie, pomolini, cardini e serrature.

Arteferro supplies paints and patinas for finishing your wrought ironwork, both indoors and outdoors. They can be used to colour handrails, stairs, gates, bars, fences and other decorative elements in forged iron.

Arteferro mette a disposizione vernici e patine per rifinire al meglio le vostre realizzazioni in ferro battuto, sia in interni che in esterni. Possono essere utilizzate per la colorazione di corrimani, scale, cancelli, inferriate, recinzioni ed altri elementi decorativi in ferro forgiato.

## Varnishes - Vernici

Arteferro paints, available either as transparent varnishes or coloured paints, provide a finishing and at the same time prevent the natural deterioration of metal caused by atmospheric agents. To obtain better and longer lasting results, we recommend you to "prepare" the iron using other Arteferro products such as nitro thinner or an iron brush.

Le vernici Arteferro, disponibili sia trasparenti che colorate, rifiniscono e al contempo prevengono il naturale deterioramento del metallo dovuto agli agenti atmosferici. Per ottenere risultati migliori e duraturi consigliamo di "preparare" il ferro utilizzando gli altri prodotti Arteferro come il diluente nitro o la spazzola per ferro.

## Patinas - Patine

Arteferro patinas are special paints, very opaque and dense, which allow an elegant oxidation effect to be produced on the metal, thus giving the painted product a refined style with a thick decorative finish. Available in gold, copper, silver and green, they can be applied after painting as well as directly onto the iron.

Le patine Arteferro sono vernici particolari, molto coprenti e dense, che consentono di riprodurre un elegante effetto ossidazione sul metallo, conferendo così al prodotto verniciato uno stile ricercato di grande spessore decorativo. Disponibili in colore oro, rame, argento e verde possono essere applicate dopo la verniciatura ma anche direttamente sul ferro.

TOOLS

UTENSILI

The fabrication tools include all blacksmith's accessories, such as: anvils, hammers, shapers, templates, forging pliers and much more. With the right tools, installation becomes easier, faster and safer. Arteferro has chosen to make available to its customers a range of tools dedicated to the correct assembly of its semi-finished products.

Gli strumenti fabbrili comprendono tutta l'accessoristica per fabbri quali: incudini, martelli, sagomatori, dime, pinze da forgiatore e molto altro ancora. Con i giusti strumenti l'installazione diventa più facile, più veloce e più sicura. Arteferro ha scelto di mettere a disposizione dei propri clienti una gamma di strumenti dedicati al corretto montaggio dei suoi semilavorati.

### FORGING TOOLS TENAGLIE FORGIATE L 450 mm

Art. 879/2

Art. 879/3

### SINGLE OVEN - FORNO SINGOLO

Art. 1559/1

External measures - Misure esterne  
L 310 mm - H 255 mm - P 255 mm  
Internal measures - Misure interne  
L 200 mm - H 250 mm - P 90 mm

### SMALL FORGE" TRANSPORTABLE BY HAND

#### MAIN FEATURES:

- Maximum Temperature 1300°C
- Easy ignition
- Safety device, in case of any sudden or accidental malfunction
- Opening on two sides (front / back) to insert long bars
- The combustion chamber is isolated with ceramicfiber panels made of refractory material
- The front screen with its adjustable opening, allow for energy saving and guarantees the maximum security

### DOUBLE OVEN - FORNO DOPPIO

Art. 1559/2

External measures - Misure esterne  
L 410 mm - H 255 mm - P 255 mm  
Internal measures - Misure interne  
L 300 mm - H 250 mm - P 90 mm

### PICCOLA "FORGIA" TRASPORTABILE A MANO

#### CARATTERISTICHE PRINCIPALI:

- Temperatura massima 1300 °C
- Accensione facilitata
- Dispositivo di sicurezza in caso di spegnimento accidentale
- Forno a passaggio totale (avanti / dietro) per l'inserimento anche di verghe lunghe
- La camera di combustione è isolata con pannelli in fibroceramica e base in refrattario
- Lo schermo a chiusura regolabile permette un risparmio di energia e garantisce la massima sicurezza

The ovens fulfill  
the current international  
guidelines of security, in  
accordance with the  
EC rules

I forni rispondono  
alle vigenti direttive  
internazionali di  
sicurezza, in conformità  
alla normativa CE

## WORKING GLOVES - GUANTI DA LAVORO

Kit with 2 boxes  
Total 72 pieces  
galvanized  
Kit di 2 casse  
Totale 72 pezzi  
zincati a freddo

Arteferro also supplies Stair Shaper a special system that allows you to measure stairs, even with an irregular form, and to reconstruct the profile at a 1: 1 scale in your workshop. In this way you can work on sizing the staircase easily with all your tools and only need to go back to the construction site for the final installation.

Arteferro fornisce anche Stair Shaper, uno speciale sistema che consente di misurare una scala, anche a sviluppo irregolare, e ricostruirne il profilo in rapporto 1:1 nella propria officina. Potrai quindi comodamente lavorare al dimensionamento della scala con tutti i tuoi attrezzi e recarti nuovamente in cantiere solo per l'installazione finale.

**The advantages of the system are:**

- it's easy to use
- you can work in the comfort of your workshop
- the time spent on the construction site is reduced
- you can save up to 10 hours of labour for every railing

**I vantaggi del sistema:**

- facile da usare
- lavori nella comodità della tua officina
- riduci il tempo passato in cantiere
- risparmi fino a 10 ore di manodopera per ogni ringhiera

**RAISING COMPONENTS OF STEPS - COMPONENTI DI ALZATA**

Art. 1905/1	Art. 1905/2	Art. 1905/3	Art. 1905/4	Art. 1905/5	Art. 1905/6	Art. 1905/7

store.arteferro.com

More than 2000 items in just one click  
Più di 2000 articoli in un solo click

Il catalogo, comprese tutte le sue parti, è tutelato dalla legge sui diritti d'autore. Sono vietate e sanzionate (se non espressamente autorizzate) la riproduzione in ogni modo e forma (comprese le fotocopie, la scansione, la memorizzazione elettronica) e la comunicazione (ivi inclusi a titolo esemplificativo ma non esaustivo: la distribuzione, l'adattamento, la traduzione e la rielaborazione, anche a mezzo di canali digitali interattivi e con qualsiasi modalità attualmente nota od in futuro sviluppata)

The catalogue, including all its parts, is under copyright law. Any reproduction in any way and form (including photocopies, scans, electronic storages) and communication (including for example: the distribution, the adjustment, the translation and the revision, also through digital interactive channels and any other mode currently known or developed in future) is forbidden and sanctioned (if not clearly authorised).

Ci riserviamo il diritto di apportare variazioni tecniche di fabbricazione e di dimensioni ai prodotti. I prodotti originali possono differire leggermente dalle rappresentazioni fotografiche. A questo proposito non sarà accettato nessun reclamo.

We reserve the right to make technical changes of the production process and of the article's dimensions.

The original item can slightly differ from its picture. Hence no claims can be accepted in this regard.

Ind.i.a. spa declina ogni responsabilità giuridica non legalmente prevista per eventuali errori di stampa.  
Ind.i.a. spa disclaims any legal liability not legally foreseen for printing mistakes

La somma massima prevista per i risarcimenti e rappresentata dal valore della merce integra.

The max reimbursement amount foreseen as claim for damages is to be referred to the value of intact goods

Si prega di osservare le direttive legali applicabili nelle varie regioni/nei vari paesi.

You are kindly requested to observe the directives applied in the different areas/countries.

I prezzi indicati sono netti per unità, imballaggio incluso. Tutti i prezzi sono IVA esclusa.

The prices are net per unit, packaging included. All prices are exempt of VAT.

Per ogni articolo è prevista una confezione minima indicata a listino. Eventuali ordini per quantità che differiscono dalla confezione minima o a multipli di essa, potranno essere automaticamente adeguati dall'azienda senza previa autorizzazione.

For each item a minimum packaging unit is foreseen, as indicated in the price-list. In case of orders with different quantities than those of the minimum packaging or multiple of it, the company can adjust them automatically without prior authorisation.
